Section III: Verbatim Comments on Patricia Thomas**Note:** Individual comments separated by horizontal lines**STRENGTHS:**

Good work ethic, honest and has good team building experience.

organizational skills integrity perserverence

She would often ask for more than one task to work on. She kept busy; she was not a chit chatter or gossipy type employee.

COULD IMPROVE:

improve self confidence learn to ignore negativity ignore bullies

I have no complaints about Patricia's work habits. She performed the tasks that i gave to her and would not hesitate to ask if she had any questions. I think she found her roll to be a little to easy and non-challenging. She was over qualified.

How to interpret the Red text for an IP Address:

An IP Address usually represents a unique computer that belongs to an individual. A **bold red color text** for an IP address on the report indicates that the same IP Address was used more than once and that there could be a problem with the authenticity of the References that a Candidate has provided. The following scenarios would trigger the **bold red color text**:

- If the Candidate IP Address is in red text, this means that the Candidate's IP address also matches the IP Address of one or more of the provided References
- If the Candidate IP address is not in red text, but one or more the References have a matching IP address in red text

We cannot guarantee that the above situations definitely mean that the references are not authentic. There is a possibility that Candidates and References can have the same IP address for legitimate reasons. For example, this may happen when some organizations have a corporate security policy where all outgoing traffic to the Internet is set to the same IP Address.

In instances where the Candidate and References do not work for the same organization, there is an increased probability that it's an issue with authenticity.
