#### ABOUT SKILLSURVEY:

SkillSurvey provides solutions that address critical points in the talent lifecycle to help talent management professionals contribute to their organization's business results by obtaining and applying more reliable and valid data and insight to inform their hiring processes. The company's flagship solution, Pre-Hire 360, is an award-winning, patented technology that utilizes a unique combination of behavioral science, talent analytics, and the ability to make comparisons to relevant norm groups. SkillSurvey's Pre-Hire 360 solution is scientifically proven to provide access to data that can be used to drive better hiring decisions based upon feedback provided by references on a candidate's past job performance. SkillSurvey's cloud-based software products are being used by 1,400 companies, institutions and organizations. Visit SkillSurvey at [www.skillsurvey.com](http://www.skillsurvey.com).

#### Note:

The information provided in this report is based solely on Reference feedback submitted through SkillSurvey's Pre-Hire 360 solution. This report should not be shared with the Candidate.

## Company Information

**Company:** GHI Company  
**Address:** United States

**Does Reference/Referee want to be informed of professional development opportunities?: No**

## How to interpret the Red text for an IP Address:

An IP Address usually represents a unique computer that belongs to an individual. A **bold red color text** for an IP address on the report indicates that the same IP Address was used more than once and that there could be a problem with the authenticity of the References that a Candidate has provided. The following scenarios would trigger the **bold red color text**:

- If the Candidate IP Address is in red text, this means that the Candidate's IP address also matches the IP Address of one or more of the provided References
- If the Candidate IP address is not in red text, but one or more the References have a matching IP address in red text

We cannot guarantee that the above situations definitely mean that the references are not authentic. There is a possibility that Candidates and References can have the same IP address for legitimate reasons. For example, this may happen when some organizations have a corporate security policy where all outgoing traffic to the Internet is set to the same IP Address.

In instances where the Candidate and References do not work for the same organization, there is an increased probability that it's an issue with authenticity.
